## 4.0. PLATFORM OF GOVERNANCE / PRIORITY THRUSTS

The City of General Trias fostered the vision of being the center of sustainable economic development in the region where empowered and healthy citizenry live in an ecologically-balanced environment with modern infrastructure and facilities, led by competent and service-driven public servants. To effectively achieve this, the City has recurrently updated its Comprehensive Development Plan (CDP) which basically covers the development priorities, which are all contained in the Executive Legislative Agenda (ELA). This ELA, is a term- based plan that contains the major development thrusts and priorities of both the executive and the legislative branches for the three (3) year term of office. Such priorities are attuned to current realities and situation, to pursue unified actions as doable as possible to address issues and challenges of all sectors.

For the year 2022-2025, the development work efforts are recently anchored on the development directions and thrusts of the city dubbed as” Lets Join Forces For a More Progressive General Trias”. This strategy is the present administration’s roadmap for inclusive development and good governance. It supports the realization of the development direction of the City and gives more emphasis on priorities designed towards the attainment of the roadmap, as follows:
